To print this report select: **Student Multi-Test**

**What is special about this report?**

- The **Multi-Test** parameter allows you to select up to four additional tests to print on this report.
- The first 4 scores are printed in the table section. Change them with the **Scores** parameter.
- Change the subtests with the **Subtests** parameter.
- Change the graph with the **Display Score** parameter.

# School Summary Report

## DIBELS Grade 1-Fall-Screening

Test Date: 9/30/2007

Grade: 1

School: Lincoln Street Elementary

District: Willows

To print this report select: **School Class Summaries**

### What is special about this report?

- The first part shows summaries for each class.
- The last part shows the summary for the school. However, if you use the **Teacher** parameter and select specific teachers, the last page will be based only on the teachers you selected. This could be useful if you want to see a summary for a select group of classes.
- The District School Summaries version works the same way. The first section shows summaries for each of the schools. The next section shows the summary for the district.

# School Multi-Test Frequency Distribution Report by Risk Level

District: Willows  
 School: Lincoln Street Elementary  
 Population: All Students  
 Subtest: Nonsense Word Fluency  
 Display Score: Risk Level

| Test                            | Grade | Test Date | Number of Students |
|---------------------------------|-------|-----------|--------------------|
| DIBELS Grade 1-Fall-Screening   | 1     | 9/30/2006 | 149                |
| DIBELS Grade 1-Winter-Benchmark | 1     | 1/31/2007 | 141                |
| DIBELS Grade 1-Spring-Outcomes  | 1     | 5/31/2007 | 141                |

To print this report select: **School Multi-Test Frequency Distribution Graph**

### What is special about this report?

- View distribution of scores visually comparing results for up to 5 tests at a time. See results by school, district or multi-district.
- Select the score to graph with the **Display Score** parameter.
- If you select the **Population** to be **Cohort**, the report will only include those students who took each of the selected tests.

# Multi-Test District Report

District: Willows

| Grade | Test                            | Test Date | Number of Students |
|-------|---------------------------------|-----------|--------------------|
| 1     | DIBELS Grade 1-Fall-Screening   | 9/30/2006 | 149                |
| 1     | DIBELS Grade 1-Winter-Benchmark | 1/31/2007 | 141                |
| 1     | DIBELS Grade 1-Spring-Outcomes  | 5/31/2007 | 141                |

To print this report select: **District Multi-Test Summary**

### What is special about this report?

- View a graph of average (or median) scores for groups of students who took multiple tests (up to 5 tests at a time).
- Run the report for a subgroup of students using the **Special Code** parameter.
- If you select the **Population** to be **Cohort**, the report will only include those students who took each of the selected tests.
